Heber City, Utah 84032

Subject: MR-LMO Application Return, West Valley Sand & Gravel, Daniels Pit,
M/051/008, Wasatch County, Utah

Dear Mr. Lloyd:

The Large Mine Notice of Intention submitted August 25, 2005 for the Daniels Canyon Pit is not complete or in a format suitable for Division review. The information submitted included, MR-LMO, portions of the Wasatch County Conditional Use Permit, the Storm Water Pollution Prevention Plan, Conditions of County approval, and various maps. A cursory review noted the general problems described below that prevent a detailed review.

- Many of these documents show Staker Paving as the permittee and not West Valley Sand & Gravel.
- It is also unclear if the requirements of the county are commitments that will be made to the Division.
- The material is not organized so that the Division can review the information to determine if the application is consistent with the mined land reclamation act.

Please reformat the application to follow Division form MR-LMO, and resubmit. Further review of this submission is suspended. If you have any questions regarding this letter please call me at (801) 538-5258 or Lynn Kunzler at (801) 538-5310.

Sincerely,

Susan M. White
Mineral Program Coordinator
